The iMeet Family of Collaboration Solutions

Innovative conferencing and communication solution for making personal connections

- All-in-one audio, video and web conferencing
- Collaborate “face-to-face” with high quality webcam video for up to 15 people and HD voice communication
- Get better acquainted through iMeet’s social network integration and personalization capabilities
- Chat and presence capabilities display who’s online and enable real-time communication via instant message, voice and video calling
- Fully capture the meeting experience for guests that could not attend with iMeet Meeting Minutes that include the meeting recording, attendee list, shared files and chat transcripts

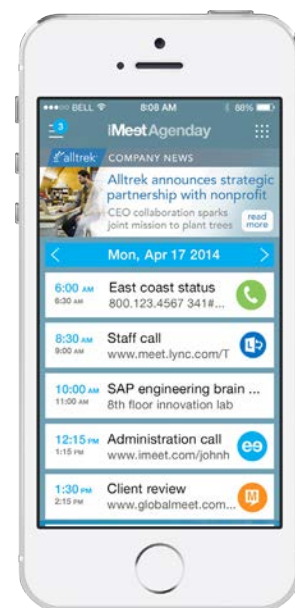

iMeet Video Room Connector

- Connect your video conferencing room system to iMeet in a few simple steps and get the most out of your investment
- Leverage iMeet’s engaging interface, content-sharing capabilities and crystal-clear HD audio in your video conferencing room

The ultimate mobile app that combines all your calendars into one

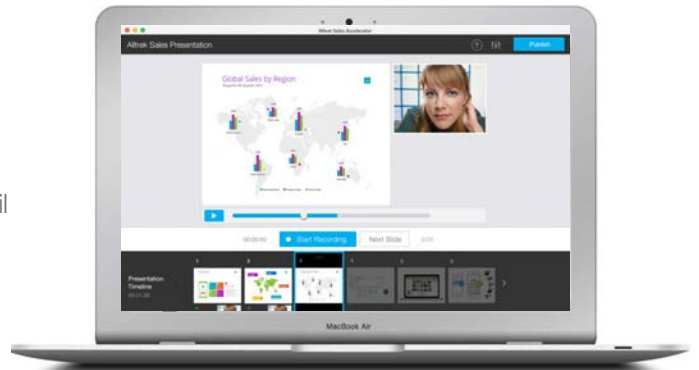

- Take better control of your day with a consolidated view of all your calendars
- Reduce your mobile calling and conferencing expense with smart dialing and local call routing connection options
- Connect effortlessly to any web meeting in one click
- Maintain productivity outside of the office with Salesforce.com integration and one-touch group calling
- Improve employee engagement with real-time broadcast notifications

iMeet[®] Sales Accelerator by PGI

Close more deals faster with video narration

- Create attention-getting sales presentations with video narration using your webcam
- Quickly share your presentation with multiple prospects via email and social media
- Use prospect data and analytics to determine the most promising leads to contact
- Build better relationships by connecting with more customers using your personal web meeting room
- Update Salesforce.com with a few clicks

iMeetLive[®] by PGI

Professional-quality self-service enterprise webcasting

- Create and host highly-customized interactive events right from your desktop in a few simple steps
- Engage a few participants or audiences in the thousands
- Construct the exact solution you need and get assistance whenever you need it
- Use your webcam/phone or existing video equipment - no additional hardware or downloads required
- Boost effectiveness with the ability to create an unlimited number of live and on-demand events

iMeet[®] Central by PGI

One integrated project collaboration platform to get more done faster

- Share files and collaborate easier with internal teams and external associates
- Access everything related to a project from one location - discussions, files and project management tools
- Keep everyone on track – automatically assign tasks, send reminders, route documents for approval and measure team productivity
- Deploys quickly and can be configured to meet the needs of any team
- Launch an iMeet or GlobalMeet conference directly within iMeet Central

The GlobalMeet Family of Collaboration Solutions

Enterprise web conferencing built to showcase your content

- Start more meetings on time with hassle-free entry and fast-access from any device
- Share your screen or upload, distribute and display content easily using your personal GlobalMeet File Library
- Boost productivity with essential, easy-to-use features that are consistent across devices
- Upgrade to GlobalMeet Webinar. Host larger meetings, gain registration features and automate email communication.

Superior crystal-clear global audio conferencing

- Experience the highest quality audio that blends phone and VoIP connections in the same meeting
- Gain the universal access, reliability and security you need
- Manage your meetings easily with visual controls for desktop and mobile devices

Integrated GlobalMeet Audio

- Seamlessly integrates with Microsoft Skype for Business and Cisco WebEx applications
- Enhances the experience with the ability to have phone (PSTN) and computer (VoIP) connections in the same meeting
- Provides global reach and flexibility at economical rates

PGi Operator-Assisted Audio Conferencing

Skilled attendants and event experts for flawlessly executed calls

- Boost your corporate image with professionals that introduce speakers and moderate Q&A
- Get your desired level of security using passcode entry or operator-greeted entry
- Allow PGI to fully manage your high-profile events and gain peace of mind
